2nd session

As a parent you have been an integral part of your child's education; particularly now juggling health and safety concerns, work uncertainties, and homeschooling, all while trying to maintain some sense of normalcy for your family. While we are looking forward to the day we can be back together in the classroom, we are equally excited about our Virtual Summer School classes starting June 1st. Spaces are available for learners in Kindergarten through 5th grade.

Experience live instruction and learning both at the computer and through hands-on activities requiring minimal assistance from parents. Learners will connect with their teachers and classmates online at 8am each morning. Every lesson is 45 minutes long and will include math, reading, writing, art and more.

Don't miss this opportunity to reconnect with friends and teachers and get back on track!
